

From the Department of Building Safety, City of Slidell

STEPS TO RESTORE POWER WITHIN THE CITY LIMITS OF SLIDELL

The following steps are necessary to restore your power:

1. If your electrical panel was submerged by water or received damage, a licensed electrician must notify the Building Safety Department that your panel is ready to be energized. The Building Safety Department will then notify Cleco.
2. Licensed electrician to call 645-3651 to file process to restore power.
3. Licensed electrician to make all necessary electrical repairs.
4. If you need any additional information or assistance, please contact Cleco at 1-800-622-6537.
