NOTICE – Debris Removal in Slidell

The Corps of Engineers and Gulf States contractors would like to inform citizens living north of Gause Boulevard that the **FINAL** pass for debris removal, with the exception of stumps, will begin on Monday, November 28, 2005. The final pass will run until all debris that is placed curbside has been removed. The City of Slidell is urging all residents living north of Gause Boulevard to move all debris curbside prior to that date.

The contractors will return to remove all stumps placed in the public rights-of-way at a later date that will be determined by the Corps of Engineers. Debris removal in south Slidell will continue at a quicker pace. A final pass for south Slidell is anticipated to occur sometime before the year's end.
