STREETS ALONG WHICH SOME PROPERTIES MAY BE MOVED FROM NON-FLOOD STATUS TO AE FLOOD ZONE

Whether on the list or not, property owners are advised to check the potential status of their properties on the www.lamappingproject.com Internet site, their insurance agent or contacting O'Dell's office at (985) 646-4270.

Multiple listings for the same address indicate multiple units, such as office suites, multifamily units and buildings in a central complex at the same address.

The AE zone to which some properties along the streets listed below is a flood insurance rate zone that corresponds to the 1 percent annual-chance-of-flooding areas and a 26 percent chance of flooding over the life of a 30-year mortgage, according to FEMA determinations. Mandatory flood insurance purchase requirements apply in the case of new construction (and building standards are likely to be stricter) and refinancing. Those who purchase the insurance now can do so at a cheaper rate than will be the case once new zones are officially established.
